

BEN-09 Continuation of Benefits During Leave of Absence

Purpose

The purpose of this Business Process Procedure is to explain how to notify employees on leave of absence of continuation options for benefits.

Trigger

Agency Benefits Specialist needs to notify employees on Leave of Absence of continuation options for benefits.

Business Process Procedure Overview

Employee is placed on a leave of absence (Z3 action) by the HR Data Maintainer. Agency Health Benefit Representative notifies employee of right to continue benefits while on leave by generating the ZBNS008 - Leave of Absence Notice Letter to send to the employee. The Continuation of Benefits During Leave of Absence Notice Letter will list the plans and addresses for remitting payment to continue coverage.

Letters are only available to print during the period the employee is on leave. If the employee has returned from leave or has separated from employment, the letter will not be generated.

If agency wants to send the letter after employee has returned from leave, they can use the template on the [Office of the State Controller website](#). Use the search field to search for the Continuation of Benefits During Leave of Absence (ZBNS008).
