NCFS Report - RPT-IN-006

Report Name: RPT-IN-006 Open Orders Report

Report Description: Open Orders Report will be developed to list Internal Requisitions by Customers/LEA and Transfer Orders by Inventory Organizations that are not yet fully shipped to them. Warehouse Manager(s) will be able to view the Open Orders Report for the Inventory Organization(s) that they have access to.

Report Data Flow: Customers/LEA will place Internal Requisitions using Oracle Cloud Self Service Procurement, Inventory Organization will request Transfer Orders using Oracle Cloud Inventory. Warehouse Managers will run Open Orders Report on a daily/regular basis. Warehouse Managers will review the list of Open Orders that are yet to be shipped out from their Inventory.
