The schedule above presents monthly and year-to-date General Fund operations for the current and prior fiscal years as well as the annual budget and percent of budget realized or expended.

The table above presents monthly and year-to-date tax and non-tax revenues as well as the increase/decrease from the prior year.

For fiscal year 2011, when compared to the prior year through January 31, actual net tax and non-tax revenues increased by \$69.2 million, or 0.6%. Tax revenues through January 2011 increased by \$107 million, or 1%, and non-tax revenues decreased by \$37.8 million, or 7.1%. Corporate Income Tax and Franchise Tax Revenue for fiscal year 2011, when compared to the prior year through January 31 showed a decrease due to the prior year collection efforts of the North Carolina Department of Revenue. The Department of Revenue collected \$422 million from 236 corporate entities between August 2009 and December 2009. The Department of Revenue focused on outstanding cases in which the Department and the taxpayer had disputes over the proper calculation of taxes due to the State. Investment earnings for January 2011 declined by \$12.5 million, or 48.3%, primarily due to lower cash availability for investment and a lower rate of return.

Revenues and expenditures never occur evenly over the course of the fiscal year. During fiscal year 2011, due to the shortfall in revenue collections, the State continues to implement a cash flow management process that monitors state agency spending requirements.
