REPORT USES

Analyze health and insurance plan costs. Agency could use as needed to determine agency costs.

How to generate this report

This report is generated after selecting values for the mandatory prompts. All mandatory prompts must have values selected before the Run Icon can be used to generate the report. Mandatory prompts can be identified as mandatory by the exclamation mark inside of the yellow-orange triangle, the square with the checkmark, or the display of (Mandatory). Detailed instructions for interaction with each prompt can be found on the OSC website at https://www.osc.nc.gov/documents/files/web-intelligence-prompts.

The Mandatory prompts for this report are:

- Organizational Unit
- CalMonth/Year (Single Value/Interval, Mandatory)
- Plan Type(s) (Mandatory)

This report can also be further limited by utilizing the Optional prompts to further limiting the amount of data that retrieved into the body of the report. Optional prompts are indicated as optional in parentheses beside the prompt.

The Optional prompts are:

- Plan(s) (Optional)

    NOTE: Since the Report Shows Employee, Employer and Provider Costs only for Health and Insurance Plans, you can refer to the below table to Select the Plan Types that fall under Health and Insurance Categories.

| Plan Category	Plan Type Key	Plan Type Text	Plan Category	Plan Type Key	Plan Type Text
Health Plan	CANC	Cancer Plan	Insurance Plan	AADD	Core AD&D
	CRIT	Critical Plan		AD&D	AD&D
	CRTE	Critical Plan		LIFE	Employee Life
	CRTK	Critical Plan		LIFK	Child Life Ins
	CRTS	Critical Plan		LIFS	Spouse Life Ins
	DENT	Dental			
	MEDI	Medical			
	TRIC	Tricare			
	VIS	Vision			

- Employee(s) PersNo. - (Optional)

    NOTE: Since the system has a large number of employees, using broad wildcard searches can be very slow and may result in an error if the search exceeds the system limit. If the employee number is not known and a name search must be done, narrow down the search by using the wildcard with specific text strings when looking for an employee by name such as:
    John*Smith*
    *Smith
    If the employee number is known, it is best to use the manual entry field in Employee(s) PersNo. to enter the selection.

Special Report Considerations/Features

- Only Health and Insurance Plan Costs are included on this report.
- Employees with Blank (#) Plan Options are not included in this report.
- To change the sorting for the desired column
  - By default, data is sorted by Calendar Month/Year, Plan Category, Plan, Plan Option, Employee Name, Employee PersNo. and Plan. (This can be changed as needed).
   1. Select the Design Mode.

    2. Click on the tool to show the data/format panel.

3. Select ascending or descending sort order as needed.

- To change the breaks in the report before exporting the data to Excel

  o By default, breaks are applied in the report on Calendar Month/Year, Plan Category, Plan and Plan Option to avoid repeated values in the columns.

  o If you want to see the repeated values of the above columns in Excel, then we need to remove breaks in the report before exporting the data to Excel.

    1. Select "any column" that has break(s) applied.

    2. Right click.

3. Click "Data".

4. Click the "Remove Break".

5. Now you can see the Repeated values in all columns, and it can be exported to Excel in the same format.
